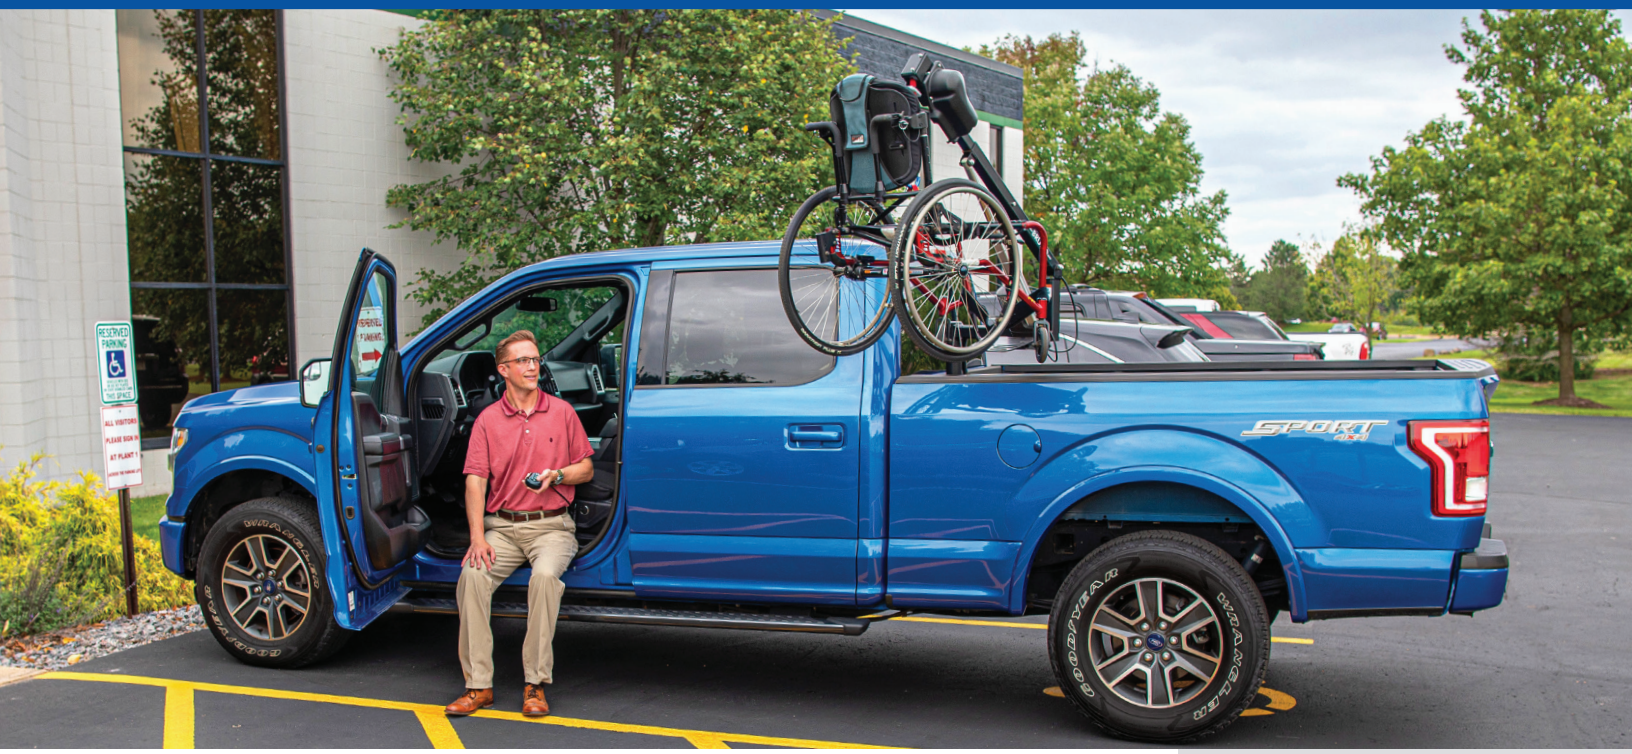
OUT-RIDER® Hoist Style Lift

MADE IN USA
Veteran Founded



Pickup-Specific Solution

Uniquely designed for pickups, the Out-Rider® makes it easy to transport a mobility device in the truck bed. Connect the docking device to a scooter, powerchair or wheelchair, press the hand-held control, and the Out-Rider lifts, rotates and stows the mobility device in the truck bed.

Rugged. Reliable performance even in harsh weather elements.

Fully-Powered. Clip the docking device. Press a button on the hand-held control and the Out-Rider quickly and efficiently raises, rotates and lowers the mobility device into the truck bed.

Secure. Once the mobility device touches down in the truck bed, it's ready to travel. Meets or exceeds applicable Federal Motor Vehicle Safety Standards.

Versatile. Easily removed and transferred in another applicable pickup.
